FABRICATION AND PROJECT SUPPORT SERVICES

MERLION Premier Quayside and Logistics Services

Fabrication and Mobilisation Efficiency

We specialise in the fabrication and engineering of all types of structural steel work.

Our RDM base facility has these operational benefits:

- ✓ High height inside fabrication
- ✓ Overhead cranes from 5 Tonnes to 60 Tonnes
- ✓ Quayside mobilisation

The company specialises in providing full-spectrum integrated solutions that encompass engineering design, blueprint consultation, fabrication and comprehensive project management.

QUAYSIDE ROPE INSTALLATION AND INSPECTION

MERLION Premier Quayside and Logistics Services

MERLION Spooling Services

We operate a large fleet of hydraulic spooling winches used in the removal and installation of steel wire ropes.

Our dependable MERLION multi-purpose spooling units can accommodate a variety of reel sizes, dimensions and weights.

Reel weight capacity:

- ✓ 75 Tonnes
- ✓ 125 Tonnes
- ✓ 300 Tonnes
- ✓ MERLION mighty 600-Tonne unit

QUAYSIDE PROJECT MOBILISATION

Quayside Mobilisation 24/7

**Services you can count on.
Expertise that you can trust.**

Franklin Offshore can provide short-term project specific or long-term total logistics support. The combination of experience, expertise and investment in the facility, cranes, operational plant and personnel provide the total package in which you can become operational quickly and efficiently. Our operation provides many benefits, which will reduce operational time and deliver greater efficiency and cost savings.

STORAGE SERVICES

MERLION Premier Quayside and Logistics Services

We have within our Quayside RDM Base extensive open storage yard areas.

With highly trained operators and supporting plant that includes large capacity forklift trucks and crawler cranes we are able to handle all types of materials and equipment safely and efficiently.

All inventory is recorded in our in-house inventory control management system. This allows the fast identification of all clients' equipment and storage location.
